

# **Nissin Environmental Policy**

**Nissin will conduct its operations with regard to the protection of the environment and the conservation of natural resources. Nissin associates recognize the importance of an environmental management system, and are empowered to implement and maintain it throughout the organization. Nissin will endeavor to:**

- 1. Evaluate the potential of environmental impacts; actively pursue continual improvement to enhance environmental performance, and pollution prevention through disposal, recycling, reuse and waste exchange.**
- 2. Fulfil compliance obligations with all of Nissin's interested parties including but not limited to applicable federal, state and local environmental regulations as well as Nissin's customers, associates, and suppliers.**
- 3. Maintain effective communication and continued cooperation with any interested parties.**
- 4. Develop and implement targets and objectives to reduce environmental impacts.**

A stylized globe with a green starburst background. The globe is centered and shows the continents of North and South America in light green, with the oceans in light blue. The starburst background is a light green color with a central point and four main points, creating a star-like shape. The text is overlaid on the globe and starburst.

**“Evaluate the Potential of  
Environmental Impacts and  
Actively pursue Continual  
Improvement and Pollution  
Prevention through Disposal,  
Recycling, Reuse, and Waste  
Exchange”**
